OBJECTIVE

Driven and enthusiastic AI and Machine Learning enthusiast with a solid foundation gained through coursework and practical projects. Eager to leverage acquired skills in web development to contribute effectively to dynamic teams, while continuously expanding knowledge in both AI/ML and web development domains. Seeking opportunities to apply expertise in innovative projects that merge AI/ML technologies with web development principles for impactful solutions.

SOFT SKILLS

- Adaptability.
- Computer Literacy.
- Active Listening.
- Problem-solving.
- Attention to detail.

TECHNICAL SKILLS

- Full Stack Web Development.
- Programming Languages – Python, C, JavaScript, Java.
- Other Languages – HTML, CSS.
- Frameworks – Node.js, Express.js, React, Bootstrap.
- Data Bases – MySQL, PostgreSQL.
- Microsoft Office – Word, Excel, PowerPoint.

EXPERIENCES

- Designed an OTA website for Pack N Plan.
- Created a couple of mini projects in Python.
- Created a website using Front-end technologies.
- Created a musical instruments project using JS.
- Created a Keeper app using HTML, CSS, JS, Node JS and React.

COURSES AND CERTIFICATIONS

- Python Essentials – Cisco, September 2023.
- Meta Front-End Developer course – Coursera, November 2023.
- Introduction to AI – Infosys Springboard, December 2023.
- Introduction to Cloud – IBM, December 2023.
- React Basis – HackerRank, December 2023.
- AICTE EduSkills Android Developer Virtual Internship – Cohert-7, March 2024.
- Generative AI for Beginners – Great Learning, March 2024.

- Introduction to SQL – Simplilearn, May 2024.
- Developer Program – Accenture, May 2024.
- AICTE EduSkills Process Mining Virtual Internship – Cohert-8, July 2024.
- Learning Python – Infosys Springboard, July 2024.
- Machine Learning for Beginners – Simplilearn, August 2024.
- Getting Started with Machine Learning Algorithms – Simplilearn, September 2024.
- AICTE EduSkills Generative AI Virtual Internship – Cohert 9, September 2024.
- Google Cloud AI – Simplilearn, October 2024.
- Fundamentals of AI & ML – Infosys Springboard, November 2024.
- Introduction to Sorting Algorithms – Simplilearn, November 2024.
- Full Stack Web Development – Udemy, November 2024.

ACHIEVEMENTS & EXTRA CURRICULAR ACTIVITIES

- NCC A-level certificate.
- Winner of Inter-School Quiz competition, Montforts.
- Participated in 36-hrs Ideathon, 2023.
- Winner of 36-hrs Hackathon, June 2024.
- Participated in Generative AI 2 days Workshop, September 2024.
- Participated in Smart India Hackathon (SIH) 2024.
- Participated in MSME Hackathon, 2024

ACADEMIC PROFILE

- B.Tech in CSE – AIML from Sphoorthy Engineering College, Hyderabad, 2022 – Present.
 - CGPA: 8.4 (upto 3rd Semester).
- Intermediate from Krishnaveni Junior College, Kothagudem, 2020 – 2022.
 - Passed out with 97%.
- Class X from St. Joseph's High School, Kothagudem, 2013 – 2020.
 - Passed out with 100%.

PERSONAL PROFILE

- **Residing Address:** 3-8-297, F.No: 202, Parimala Chandra Nivas, Chandrapuri Colony, LB Nagar, Hyderabad.
- **Date of Birth:** 17th September 2004.
- **Languages Known:** Telugu, English.
- **Interests:** Playing and watching cricket, watching TV shows, playing video games.
